

Krishna Karanam

IT Graduate 2021

Coming from a computer and IT background, I can quickly understand and adapt to new technology. During my study, I have done web projects using HTML, CSS, PHP, Javascript and Bootstrap. I have knowledge of front & back-end systems, and how they work together to solve problems. I have experience in using WordPress, MailChimp and Monday.com.

Along with my technical experience, I am a great communicator, excellent at understanding people and their needs. During my time at UTAS, I founded the MCC Multicultural Club (mcctas.com.au). As the president, I plan, organise, distribute tasks and deliver events. I have successfully managed a team of 15, delivered projects and events on time. During my roles, I have also established many partnerships with internal and external stakeholders.

Experience >

Student Engagement Leader | UNIVERSITY OF TASMANIA

I engaged with a diverse range of students and staff to plan and deliver student-focused events; I worked extensively with Microsoft teams, Zoom, emails for communication and work.

Founder of Multi-Cultural Club | UNIVERSITY OF TASMANIA

I am an empathetic leader. I worked independently as well in teams in making events happen. I managed the team using Trello for tasks allocation, slack for communication. Assisted in MCC web design and development. I have inspired many fellow students to actively engage in making things happen.

Online Language Tutor | ITALKI.COM

I taught language lessons (Telugu and English) to a diverse range of people across the world, with students from the USA, Russia, Australia, India and China. I developed a strong connection with my students and clients of diverse backgrounds till today. Please find my teaching profile [here](#).

Projects >

[Personal](#) & [MCCTAS Website](#)

While founding the MultiCultural club, we need a better online presence of what we do to members. I discussed with my co-founder and worked with him on the design and elements of the website including logo, entry to social accounts (e.g. Facebook, Instagram and YouTube).

[Heritage Hunt](#) & [Plastic-free Tasmania Project](#)

During these projects, I facilitated group discussions, brainstorming and developed the business canvas models. With the appealing solutions, our team won the prize in both competitions.
